OUR SERVICES

At S&H Corporate Investments, we offer a wide range of transportation services to cater to your needs. Whether you have a small or large project, we have got you covered. Our warehousing facilities are available to help you store your goods and equipment securely.

We specialize in handling project cargo and machinery, ensuring that your items are transported with utmost care and efficiency. From start to finish, we will keep you updated on the progress of your shipment, providing regular updates to ensure peace of mind.

Our team is committed to providing exceptional service and customized transportation solutions to meet your unique needs. We understand that each project is different, and that's why we work closely with our clients to ensure that their transportation needs are met with precision and care.

OUR FLEET

We have a well-equipped fleet of trucks and trailers that are adaptable to transport project cargo or machinery. This would certainly make them a reliable choice for those who need to move heavy items with care and efficiency.

Satellite tracking is installed on all vehicles in our fleet. It allows us to monitor the location and status of the vehicles in real-time, which can help you make informed decisions and respond quickly to any issues that may arise. With this technology in place, you can keep track of your cargo movements and ensure that they are transported efficiently and safely.

In addition to our own fleet, having a reliable network of transportation providers, can offer even more flexibility and options for our clients. It is always good to have backup plans in case of unforeseen circumstances or high demand.

DRIVERS & COMMUNICATION

Drivers are equipped with cellphones and WhatsApp messenger on their devices. This modern technology can facilitate seamless communication between the driver and the client, enabling them to stay in touch throughout the transportation process. Additionally, the company's willingness to share driver details with clients if required is a testament to its commitment to transparency and excellent customer service.

Live tracking is yet another valuable feature offered by the company. This technology allows clients to monitor their shipment in real-time and receive updates on its location and estimated time of arrival. This can alleviate any concerns regarding the status of the shipment and help clients plan accordingly.

COMPETITIVE PRICING

We understand that transportation rates can be a concern for our clients. That's why we offer competitive pricing and are open to discussing and negotiating rates to meet your specific transportation needs. Our goal is to provide you with exceptional service at a fair price that fits within your budget.

We believe that transparency and communication are key to building a strong and successful partnership with our clients. Contact us today to discuss your transportation needs and to learn more about our pricing options.
